

Wolver ProTex W 22

VERPACKUNG

208 L | 60 L | 20 L

WOLVER ProTex W 22 is a special industrial oil based on high-quality mineral oil. Special additives ensure a good wear protection for the lubrication of needles and plate bars of knitting and circular knitting machines.

This product quickly emulsify with water and washing solutions generally used in textile industry - so, a good washing-out effect of the oil from textiles is guaranteed.

SPECIFICATIONS
ISO VG 22

MEETS THE REQUIREMENTS OF
Groz-Beckert KG

Application

- Excellent suitability as scorable high-performance oils for spray or pressure lubrication of needles and plate bars of knitting and circular knitting machines as well as for other lubrication points coming into contact with textiles
- Preferable used as running-in oil as well as lubricating oil for needles and plates.

Disposal

- **WOLVER ProTex W 22** is assigned to category 2 of used oils and thus is free for disposal.

Miscibility

- **WOLVER ProTex W 22** Compressor Oil of VG range is well-tolerated with comparable lubrications and thus can be mixed. However, it is recommendable to use only **WOLVER ProTex W 22** compressor oil of VG-range when refilling.
