

## Wolver UltraTec 5W-20

### VERPACKUNG

208 L | 60 L | 20 L | 5 L | 4 L | 1 L

**WOLVER UltraTec SAE 5W-20** is a fuel-economical high-performance HC-Synthetic engine oil for modern petrol car engines for which Fuel Economy (FE) oils are specified. The low viscosity quickly lubricates and provides low friction resistance to drastically reduce fuel consumption and pollutant emissions.

**WOLVER UltraTec SAE 5W-20** copes with all the thermal and mechanical loads that can occur in modern car engines that are designed for Fuel Economy.

The viscosity level is recommended for many vehicles from Honda, Toyota and other leading manufacturers.

### SPECIFICATIONS:

SAE 5W-20

API SN

ILSAC GF-5

### MEETS THE REQUIREMENTS OF:

GM DEXOS 1

CHRYSLER MS-6395

FORD WSS-M2C925-A/-B

### Characteristics

- Extrem wear protection
- Excellent viscosity temperature behaviour
- Quick oil feed of critical lubricating points
- Considerable wear reduction on cylinder and camshaft
- High oxidation and temperature stability
- Low volatilization loss
- Very high cleaning capability
- Stable oil film at all operating temperatures

### Effects

- Reduces fuel consumption at full and partial loading
- Reduces emissions of particles and CO<sub>2</sub>, is good for the environment
- Excellent cold starting behaviour
- Very good operating reliability

- Optimal engine cleanliness
- Very low oil consumption
- High margin of performance and high product stability
- All-year operation

#### **Utilization**

- High-performance and normal four-stroke petrol engines
- with multivalve-technology
- with turbo charging
- with catalyst technology
- Passenger car-high-performance- and normal four-stroke diesel-engine
- with multivalve technology
- with turbo charging
- with CDi-technology
- with catalyst technology

#### **Disposal**

- **WOLVER UltraTec SAE 5W-20** is assigned to category 2 of used oils and thus is free for disposal.

#### **Miscibility**

**WOLVER UltraTec SAE 5W-20** is fully compatible with conventional HD oils and can be mixed if necessary. In orderable to fully utilise the advantages of **WOLVER UltraTec SAE 5W-20**, however, the use of **WOLVER UltraTec SAE 5W-20** is worth recommending.

#### **Data table**

PROPERTIES	UNIT	TYPICAL INDICATORS
Specific weight at 15°C	kg/m <sup>3</sup>	852
Viscosity at -30°C	cP	4920
Viscosity at 40°C	cSt	48,2
Viscosity at 100°C	cSt	8,57
Viscosity index		156
Flash point COC	°C	234
Pour point	°C	-45
TBN	mgKOH/g	7,9
